NUTRITION & IMAGE CONSULTANTS

COURSE REQUIREMENTS

In order to enroll in this program, the learner must be at least 18 years of age and possess a valid high school diploma or GED.

For the International Image Certification, (combined Home Study Mentoring/Certified Seminar Leader programs), you will spend 100 hours of time to earn 10.0 CEU's (offered through AICI and IACET) and two certifications.

Home Study Mentoring Program learners will spend 40 hours, earning 4 CEU's and one certification. Certified Seminar Leader Program learners will spend 60 hours, earning 6 CEU's and one certification. Work at your own rate.

SPECIAL ADVANTAGES

You will receive Certification from *The ImageMaker, Inc. & Nutri-Style*, An ImageMaker Partner

Upon completion of a program, *Nutri-Style* will continue to provide you with mentoring via e-mail, fax or telephone at your request.

If you choose the International Image Certification program, I will also coach you for AICI FLC, CIP and CIM certifications.

You are given a full year to complete this program. Work at your own rate.

Enclosed please find a **\$1550.00** deposit to hold one (1) space in a study program of The ImageMaker, Inc. I hereby authorize Dr. Knudsen of The ImageMaker to charge my credit card each month in the amount of \$500.00 until paid.

Payments are charged the 1st of each month. If any payment is refused or does not go through for any reason, learner will have 15 days to correct the deficit. At the end of the fifteen day grace period, a late charge will be levied equal to 10% of the amount due for that installment payment. Checks cannot be substituted for charge payments once this option has been chosen.

Shipping Charges will be added to the second payment due for international orders.

This is a legal contract and must be taken seriously. Level One, Level Two, and Level Three are taken one after the other and cannot be substituted for other classes.

To my knowledge, I am the only image professional that offers a long-term payment plan, without any interest, even though I pay interest on each transaction. This is done so that you, the learner, can take the program without concern of a large initial cost.

I understand the above mentioned and would like to continue to sign up for the following courses.
